Single Customer Order Agreement

PLACING AN ORDER

The order will be placed and put into production as soon as the styles/colors have been chosen, measurements/sizes have been determined, shipping information has been given and the order has been paid.

MULTIPLE STYLES IN SAME COLOR/FABRIC

Siri guarantees that tops and jackets will match skirts and dresses to be worn together if ordered together.

FABRIC IRREGULARITIES

Silk fabrics such as duppioni and shantung contain weaving variations and irregularities which are characteristic of fine silk yarn. These characteristics enhance the natural beauty of the fabric and are in no way considered as defects. Dye-lots of fabrics may vary between each new production. The dye-lot of the garment may vary from the color card and from the swatch given as a reference.

MEASUREMENTS/SIZES

The Siri size chart is based on measurements of the body not the dress measurements. The size must be selected based on the largest measurement of the body and with consideration to the selected style. If the customer chooses a size contrary to the size chart guidelines, then Siri will not be responsible for any size issues. If there is any hesitancy as to what size to select, Siri will help choose the size. Siri is not responsible for fit problems if the measurements were incorrectly given by the customer, if the customer's weight has changed or if the customer requests a smaller or larger size than what the measurements indicate.

REGULAR DELIVERY

Delivery is 12 weeks. Siri recommends adding a grace period of 2 to 3 weeks for circumstances beyond control and 3 weeks for alterations when calculating the time to order before the wear date.

RUSH DELIVERY

Rushes are based on deliveries of 8 weeks, 6 weeks, 4 weeks, and 2 weeks. Please allow the same grace period as suggested with regular delivery by adding 2-3 weeks for circumstances beyond control and 3 weeks for alterations. Taking the total order time into account, please plan your rush delivery accordingly.

ADDRESS CHANGES

Any address change needs to be given to Siri at least two weeks before the due date; otherwise, Siri will ship to the address given at the time the order was placed.

SHIPPING

When the order is ready, Siri will contact the customer. All orders are shipped via UPS.

REFUNDS

When an order is placed and payment has been made, this initiates the order to go into production. There are no refunds once a payment has been made.

I understand and agree to Siri's Order Policy
